

# Personal Safety & Human Trafficking Awareness

For Kids: 3<sup>rd</sup>-6<sup>th</sup> Grade & A Guardian

**Purpose:** The statistics are absolutely alarming! 50% of those lured into human trafficking are minors. The number of victims lured into the human trafficking industry are growing rapidly. As one of the fastest growing organized crimes today, this issue needs to be brought out of the dark and into the light. The issue is here in our own country and cities!

“Stranger Danger” no longer applies because facts prove that most abuse happens at the hand of someone the victim knows and trusts. Prevention through awareness is the key.

Byron Center, MI 49315

WARNING LIGHTS & “JENN AT WAR” ARE ONLY FUNDED BY DONORS.

Warning Lights Kids gives an overview of age appropriate personal safety skills that are pertinent to being a kid in today’s society. This session discusses lures that are specifically used to entice kids, explains the signs and provides ways to respond to human trafficking. This program will give your audience of both kids and their guardian (guardian attendance required) a stronger sense of how to protect themselves and others. The awareness gained by your audience can literally save a life.

This program encourages open communication and arms you with a variety of ways to make these safety tactics a habit for your family. This program also gives insight on ways to help others avoid becoming victims by explaining how your actions, words and choices affect others.

I want to share the reality of this issue with the youth and parents of this nation. Learn more about my story through video at [www.jennatwar.com](http://www.jennatwar.com). I look forward to working with you to take your circle of influence and change it into a circle of protection! Awareness is building value by protecting our bodies and guarding our hearts!

**Be courageous!  
Be aware and SHARE!**
